

1/31/67

Dear Miss Magid,

Thank you for your letter of 1/27 with the enclosed carbon of the contraction I wrote several months ago. I agree with you it would be preferable to answer Mr. Bickel in a more substantive way.

That is the offer I ~~submitted~~ made some time ago. When I heard nothing further I forgot about it. Now I just do not have the time for I'm behind schedule on WHITEWASH III: THE ARCHIVE and, although the first book (the one nonreviewed) is a big success and the second, WHITEWASH II: THE FBI - SECRET SERVICE COVERUP, seems as though it will be, we are still in debt and I cannot afford to write lengthy articles for nothing.

A thousand words is inadequate space for adequate answer to what Mr. Bickel wrote.

But I do hear from England that he now joins me in the demand of WHITEWASH for a new investigation.

I am satisfied with your contraction. Please correct the address at the end of the piece. It is not Hyattsville but Hyattstown, Zip 20734. That is the entire address. We live in the country. Because my books are private printings and are not available at most books stores, it is helpful if people know our address.

Enclosed is a flyer that says a little about the second and third books. The latter is about a month behind schedule and we now expect to have it out in March.

Sincerely yours,

Harold Weisberg
